

The Marks of a Marist Student

Marist students believe. Through the gifts of religious formation, prayer and a sacramental life nurtured in our schools, students develop strong relationships with God, Mary and Saint Marcellin Champagnat.

Marist students are empowered witnesses. Like Mary, they are encouraged to live simply, morally and joyfully as witnesses to God's love in their lives.

Marist students serve. With a strong understanding of Catholic social teaching fostered in our classrooms, they model Jesus's mandate to stand in compassion and solidarity with the least favored in society.

Marist students lead. Nurtured by the Brothers and lay faculty who are grounded in the Marist mission, they recognize their own special gifts and talents, developing the confidence to share these gifts within their church and community.

Marist students love. They recognize God in all people, celebrating our diversity while welcoming all as members of God's family.
